

**Intervention:**

- When appropriate, change student's assigned computer; check headphones.
- Using Y-adapter, listen as student works.
- Explain exercise/practice in Demo Mode.
- Show student Success Viewer; for next day, challenge him/her to work on my difficult exercise "second."
- Print summary report (5 days) for each student; weekly share with students & classroom teachers.
- Print and share error reports with students and/or classroom teachers.

**Motivation:**

- Teach students the success indicators on the screen for each exercise.
- Have students count their "stars" each day and strive to gain at least one per day.
- After first two weeks, offer incentives/reward program.
- Vary the routine: Monday: Work in Socks Tuesday: Double Points in One Exercise Wednesday: Dim Lights Thursday: Prize for Increased Points Friday: Color/Create Percent Complete Chart
- Completion Certificate: Print; cut into 4ths; award ¼ as students qualify; glue in Fast ForWord folders.
- Highlight first students progressing from one product to another with a photo poster in the lab!

**Bear Bags**

**Directions:** Click the yellow paw on the toaster to start the exercise; Click the lunch bag that contains the best match for the word presented on the toast.

- To hear a word pronounced again, the participant can click the yellow paw. This does not cost points and does not affect the participant's standing in the exercise.
- Participant can click the speaker next to each lunch bag to hear the category description again.
- Bonus points are awarded after 11 correct answers.

Bear Bags helps improve phonemic awareness and develop decoding skills through sorting words into phoneme-based categories.

**Flying Fish**

**Directions:** Click the yellow paw on the life preserver to start the exercise; Click the flying fish displaying the word that best matches the presented word.

- The participant must click the fish with the word that matches the target word.
- Points are awarded for each correct answer.
- Bonus points are awarded after 12 correct answers.

Flying Fish helps develop decoding skills, auditory memory, and visual word identification, along with visual tracking, which strengthens left-to-right reading patterns.

**Magic Rabbit**

**Directions:** Click the yellow paw on the magic box to start the exercise; Click and drag and drop the correct missing letter to spell the presented word.

- The participant must drag and drop that letter into its correct place to spell the word.
- Points are awarded for each correct answer.
- words that are spelled correctly on the first try are worth more points

Magic Rabbit helps develop sensitivity to letter-sound associations using spelling and word building, which enhance primary reading skills.

**Quail Mail**

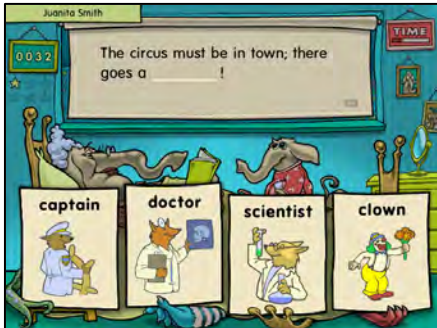

**Directions:** Click the yellow paw on the mailbag to start the exercise; Click the mailbox that contains the category that best corresponds to the presented word.

- The participant can click the speaker next to each mailbox to hear the category description again.
- To hear a word pronounced again, the participant can click the paw.
- Bonus points are awarded after 13 correct answers.

Through sorting words into semantic categories, Quail Mail helps develop vocabulary and reading flexibility, essential skills for reading comprehension.

**Bedtime Beasties**

**Directions:** Click the yellow paw on the nightstand to start the exercise; Click the picture, word, letter, or punctuation mark that best fills in the blank and completes the sentence.

- The participant must click the picture, word, letter, or punctuation mark that best fills in the blank and completes the sentence.
- Points are awarded for each correct answer, and bonus points are awarded after 8 correct answers.

Bedtime Beasties helps develop sentence comprehension skills, increase vocabulary, and sharpen logical reasoning skills.

**Buzz Fly**

**Directions:** Click the yellow paw on the filing cabinet to start the exercise; Click the picture that best answers the question about the text passage.

- The participant must click the picture that best answers the question.
- Points are awarded for each correct answer, and bonus points are awarded after 4 correct answers.
- If a question is answered incorrectly, that page is immediately presented again, and the participant has up to two more chances to answer correctly.

Buzz Fly helps develop passage comprehension and working memory skills as participants listen, read along, and answer questions about passages.
