

Reading Assistant Approved Headsets

Computer/Chromebook headsets

Using Reading Assistant on a computer, laptop, or Chromebook requires a headset and USB audio adapter. To provide the best audio quality and user experience, choose an approved headset and adapter that best meets your implementation needs.

- Headsets with integrated USB adapters offer the ease of a single component and often have lower prices than separate headsets and USB adapters.
- Some of the separate headsets and adapters can also be used on iPad. Replacement costs can be lower if only one component breaks.

Headsets with integrated USB adapters

Headset & Integrated USB Audio	Durable	Easy to clean	FFW compatible ¹	Works on all devices ⁶	Price range
Andrea EDU-455 USB		✓	✓		\$25-32
Logitech H390 (ClearChat Comfort USB)					\$25-35
Microsoft LifeChat LX-3000 ²			✓		\$20-35

Separate headsets and USB adapters

Headset	Durable	Easy to clean	FFW compatible	Works on all devices	Price range
Andrea EDU-455		✓	✓		\$12-17
Califone 3066AV ⁴	✓	✓	✓	✓	\$25-35
Cyber Acoustics AC-960 ⁵		✓	✓	✓	\$20-30

Pair any
two

USB adapter ³	Price range
Andrea EDU-USB	\$15-20
Parts Express USB Sound Adapter	\$15-20
StarTech ICUSBAUDIO or ICUSBAUDIOB	\$10-20
SYBA SD-CM-UAUD or SD-AUD-20066	\$5-10

1 These headsets have headphones that fully enclose the ears, making them compatible with the Fast ForWord programs.

2 Microsoft LX-3000 headset requires Reading Assistant Plug-in 2.2.0.12 or later. See <http://scilearn.force.com/Support/articles/informational/2191>

3 Must purchase the exact USB adapter model number shown; other adapters sold by the same manufacturer are not approved.

4 Califone 3066USB integrated USB headset is not approved and will not perform well with Reading Assistant.

5 Cyber Acoustic AC-201 is also available within the \$10-20 price range but is not designed for the education market. Durability is not determined.

6 These headsets can be used on computers, Chromebooks, and iPad (iPad use will require a mobile adapter).

Reading Assistant Approved Headsets

Suggested headset + adapter combinations

Following are suggested combinations of hardware that can be purchased from a single supplier. These are only suggestions; any headset can be paired with any approved USB adapter, and they may be available through other suppliers.

Headset	USB Adapter	Price range	Supplier
Andrea EDU-455	Andrea EDU-USB	\$30-35	Andrea Communications http://shop.andreacommunications.com/sl-reading-assistant
Califone 3066AV	SYBA SD-CM-UAUD ¹	\$35-40	Schoolhouse Electronics http://www.schoolhouseelectronics.com
Cyber Acoustics AC-201 ²	SYBA SD-CM-UAUD	\$20-25	OutletPC.com http://www.outletpc.com

1 For this supplier, search for this USB adapter as “SYBA Multimedia USB Audio Adapter”

2 Not recommended for heavy duty or school lab use due to unknown headset durability.

Discount

Customers buying Andrea Communications hardware must purchase directly from Andrea in order to get the Scientific Learning discount. Please use this link, created specifically for Scientific Learning customers: <http://shop.andreacommunications.com/sl-reading-assistant>

Supplier information

Supplier information is listed below for headsets or USB adapters that are only available (or only available for the discounted rate) from a single supplier.

Supplier	Website	Phone
Andrea Communications	http://shop.andreacommunications.com/scientific-learning-products	1-800-442-7787
Parts Express	http://www.parts-express.com Search for “USB Sound Adapter w/Mic and Headphone Jacks”	1-800-338-0531

Reading Assistant Approved Headsets

iPad headsets

iPad mobile digital devices provide a single headset jack for the Reading Assistant headset, which lets you use a single cable to connect the headset to the device. To provide the best audio quality and user experience, choose an approved headset that best meets your implementation needs.

- For iPad use only, choose a headset with a single plug, or choose one with a dual plug and use a mobile adapter.
- For iPad and computer use, choose a headset with a dual plug. This way, the headset can be used with a USB headset adapter on the computer and with a mobile headset adapter on iPad. See below to learn about mobile headset adapters.

Headset	Plug type	Needs adapter	Durable	Easy to clean	FFW compatible ¹	Works on all devices ⁴	Price range
Andrea EDU-455M	Single			✓	✓		\$12-17
Andrea EDU-455	Dual	✓		✓	✓	✓	\$12-17
Califone 3066AVT	Single		✓	✓	✓		\$25-35
Cyber Acoustics AC-204 ²	Single					✓ ³	\$10-20
Cyber Acoustics AC-960	Dual	✓		✓	✓	✓	\$20-30
Califone 3066AV	Dual	✓	✓	✓	✓	✓	\$25-35
Cyber Acoustics AC-201 ²	Dual	✓				✓	\$10-20

1 These headsets have headphones that fully enclose the ears, making them compatible with the Fast ForWord programs.

2 The AC-201 & 204 are lightweight headsets and are not designed for heavy duty school lab use.

3 To use the AC-204 on a computer or Chromebook, use the included single plug to dual plug adapter and connect to a USB adapter.

4 These headsets can be used on computers, Chromebooks, and iPad (computer and Chromebook use also requires a USB adapter).

iPad mobile adapters

Scientific Learning supports most mobile headset adapters (dual plug to single plug).

- The C-100 adapter can be purchased from Andrea Electronics: <http://shop.andreacomunications.com/sl-reading-assistant>
- To search for an adapter online, use the following search phrase: “3.5mm 4-pin to 2x 3-pin headset splitter adapter”
